

Earth Crown Printable

Earth Hero _____

Directions

- 1) **Color in the crown** - This is way easier to do before cutting. Don't forget to write your name on the blank line!
- 2) **Cut out the crown** - Depending on the age of the kids, this may be time consuming.
- 3) **Attach to band** - Whether it's a headband or just a strip of construction paper, glue it to a band big enough for the child's head.
